

Pricing

Senior pictures

\$100 for a one-hour local session. Multiple locations or locations outside the Belton area are negotiated.

- No limit on clothing changes.
- No extra charge if a friend or two want to join in on a few poses.
- Images may be purchased from this site. Alternatively, a disk or memory stick with at least 20 edited images may be purchased for \$100 (a release pdf for printing is included on the disk or memory stick).

If possible, I like to have a planning meeting with the senior and parents in order to reduce session jitters for the senior as well as to discuss options about locations, lighting, poses, outfits, props, etc.

Family pictures

\$100 for an hour, whether for babies, children, small families, or extended families. Images are provided on a disk or memory stick with release for printing.

Photo booths

I provide an open photo booth that is essentially a studio setup with tripod, high-end camera and lens, strobe, umbrella or soft box, and backdrop, depending on the location and the space available. Prints can either be traditional 2x6 strips with 3 or 4 images, or 4x6 with single or multiple images.

- \$350 for unlimited printing, up to 3 hours.
- \$150 for a non-printing booth. Images can be seen on a 24" monitor at the time the picture is taken, on a Facebook album on my Photo booth site after the event, and on a disk or memory stick provided to the client.

Events

Weddings, parties, and other events are negotiated depending on length of the event, location, and client needs.

Head Shots

Your head shot can be outdoors or indoors, natural light or studio lighting. \$50 for 5 edited images.
